

The 1st Annual Full Moon Night Ride held January 10 was a major success. Mild weather, good burgers and a roaring bonfire made a great evening – and it was especially well attended by girlfriends and wives. Thanks to Derek Stephenson for organizing the event; to Dwayne & Cody for the cooking & cleaning; and to Greg & Bundy for their wood cutting skills. This event looks like a keeper – so look for it on the calendar next year.

Grooming reports are now available on our webpage. The report will be updated after each groom – and will have a brief description of the conditions. Andy Buchan is the club webmaster – posting new events and conditions.

Late in the fall new stairs were completed at the cabin – Doug Dean donated his time and woodworking skills to do the upgrade.

Safety is at the fore front this season. A reminder that the new FSA map has printed numbers which correlate to number signs we have posted throughout the Coal Creek / Morrissey area. These numbers will tell you your location.

Club member **RICHARD LEE** has sponsored the first family day ride for 2009.

UPCOMING EVENTS:

Sunday, January 25th - RICHARD LEE sponsored Family Ride to Wrangler's Cabin. Burgers and pop will be at the cabin – the bbq will be ready to go @ 1pm. This is a family ride – wives, girlfriends and kids are welcome – trail passes are complimentary for them on this day.

Sunday February 15th - This will be another family ride – tentatively to the Ram Cabin – but check back on our website and with our emails to get the details.

Saturday February 28th - SPARWOOD SNOWARAMA. This is an opportunity to support the Sparwood Club – particularly this season after the avalanche tragedy.

Saturday March 7th - FSA Snow Drags. Last year saw the highest entries numbers ever. The event will be held beside the Stanford Inn again. This is in conjunction with Griz Days – so book accommodation early.

PLEASE REMEMBER TO SUPPORT OUR CORPORATE SPONSORS – their support to the FSA allows us to put on club events, maintain snowmobile access to the back country and groom the trails.
