

51 Super Bowls

There have been 51 Super Bowls. Today's topic is teams that have never won or participated in a Super Bowl. There are thirteen teams that have never won a Super Bowl. They are the Bills, Vikings, Falcons, Panthers, Bengals, Eagles, Cardinals, Titans, Chargers, Browns, Lions, Texans, and Jaguars. Of that list, there are 4 teams that have never even made an appearance in the event. They are the Browns, Lions, Texans and Jaguars. There are two teams that have most appearances in the SB and have never won. They are the Bills and Vikings, each with 4. Which team has won the most SB's; it is the Steelers, winning 6 out of 8 appearances. The Patriots have made the most appearances, winning 5 out of 9. Of the teams that have never won a SB, there are two teams that stand a chance to come off the list next year; the two bird teams, the Eagles and Falcons. Although, after last night's performance, the Falcons, not so much.
