

This is a short list of sources, which are often found in the home.

Of course, not all the sources listed here will be found in every home, and there will also be sources other than these found in the home.

This list is provided as a general guide to the types of records, which can be found.

Check out this page on how to [get started in genealogy](#).

See anything I'm missing from this list? [Please let me know and I will add it.](#)
