

PART + PART = WHOLE

WHOLE - PART = PART

2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
1+1	1+2	1+3	1+4	1+5	1+6	1+7	1+8	1+9								
	2+2	2+3	2+4	2+5	2+6	2+7	2+8	2+9								
			3+3	3+4	3+5	3+6	3+7	3+8	3+9							
					4+4	4+5	4+6	4+7	4+8	4+9						
							5+5	5+6	5+7	5+8	5+9					
								6+6	6+7	6+8	6+9					
									7+7	7+8	7+9					
												8+8	8+9			
																9+9

For Adding and Subtracting we need to know the Pairs of PARTS in each WHOLE,

except where we can use a Zero Rule or where we can use what we know about our

Place Value Number System.
