Dear Mr. Prinse:

On behalf of BC Children's Hospital Foundation, please accept my deepest thanks for your recent donation made in memory of Chris Brown. A letter will be sent to the family to acknowledge your thoughtful gift.

As BC's largest specialized child health-care facility, we serve the urgent medical needs of all of BC's children, no matter where they live in the province. This is no small task. With constant developments in medical technology, discoveries of new treatments through research, and a shift in health-care delivery that is more family-centred than ever before, our caregivers are providing the most advanced level of care to the children in BC who need it most.

Your gift will help fund innovative patient programs, purchase urgently-needed new equipment and fund intensive life-saving research into childhood diseases. But more importantly, your support is a source of hope for BC's most seriously ill and injured children and their families. The impact of your donation is beyond measure, and will benefit children today and in the future.

Thank you for choosing to support BC Children's Hospital. Your contribution will help to improve the lives of our province's children, giving them the chance to experience the best out of life and the healthiest childhood possible. We are truly grateful for your generosity.

With best wishes,
