

Grande Mountain

Grande Cache is located on the side of Grande Mountain. We have one of the most scenic golf courses in the whole area, located just to the east of town a little further up the mountain.

If you decide to visit our town, bring your fishing gear, your hiking boots, your rafting clothing, and your golf clubs. Most of all come and enjoy yourself in the Mountains that will surround you. Of course that means bringing one more item, your camera, a picture taking paradise either for the professional or the amateur photographer. There are several waterfalls in the area plus all the mountains.

Our weather is beautiful with cool mountain air with a light breeze that blows. Grande Cache is enjoyable any time of the year. Bring your skis and snowmobile in the winter.

We are pleased to welcome you to Grande Cache and into our home. The Canadian Rockies surround our town with a beautiful breath taking view from every location.

We are located 190 kms south of Grande Prairie, Alberta and about 140 kms North of Hinton, Alberta right in the heart of the Mountains on Highway 40 known as the “Bighorn Highway”. Our elevation is 4,200 feet.

The Guestrooms are located downstairs with a family room and private bathroom. There is cable T.V. and lots of books to read and a number of movies to view. Also there is a nice fireplace to enjoy when it's cool outside.

There is a good view of the mountains from the deck in the back to the veranda in front. You're sure to enjoy your stay in our home.

What to do in Grande Cache?

There are all kinds and types of trails around the area; trails for the very beginner to the experienced hiker. There are jeep trails and ATV trails

This is the view of town from atop Grande Mountain. You can hike up the mountain or take a 4-wheel drive.

On top of Grande Mountain (6,520 feet) with Grande Cache below.

There are also trails to the top of Mt. Hamell (picture on front of brochure). There are trails to the top of the other mountains. There is good fishing near by at Grande Cache Lake, Victor Lake and stream fishing as well.
